TORONTO METROPOLITAN UNIVERSITY (FORMERLY RYERSON)

Toronto, ON

Honours Bachelor of Science, Major in Computer Science, Minor in Maths

Expected graduation in 2027

- Current CGPA: 4.07/4.33

PROFESSIONAL EXPERIENCE

HATO HUB

Toronto, ON

UI/UX Developer

2022 March - 2022 August (Contract)

- Actively participated in user interviews, keenly observing and documenting key insights to contribute to understanding user needs.
- Developed an affinity map to visually organize user feedback accessed during interviews, assisting in the identification of recurring patterns.
- Conducted complete heuristic evaluations for both frontend and backend components, offering practical insights for improvement.
- Identified and documented accessibility issues, providing actionable feedback to enhance the user experience.
- Created personas and empathy maps to provide a deeper understanding of the target audience, guiding user-centric design decisions.
- Played a key role in user research, translating insights into tangible improvements in the product development process.
- Established the foundational look of the new website through the creation of wireframes, providing a visual direction for the design.

FREELANCE DEVELOPER

Toronto, ON

Front-end Developer

2022 August - Present

- Designed and developed visually appealing and responsive frontend components for landing pages, ensuring an engaging user experience.
- Implemented lightweight backend functionalities to enhance user-business communication.
- Worked closely with clients to understand their specific requirements and goals, providing regular updates and incorporating feedback throughout the development process.
